Hello children, my name is Harry and I work here at the city zoo. Come with me and see all the different animals. On your left you can see the lions lying in the grass. Look for the baby lion, he is hiding behind the tree. The lions eat a lot of meat. We feed them at twenty-five to two every day. After their meal they like to sleep in their cage for a long time. On your right are the tigers. The big tiger is called Rajah. He is forty-eight years old and he is the oldest tiger in Britain. The oldest animal in our zoo is Terry, the Giant Tortoise. We don't give it to them because it is bad for their teeth. Monkeys are very clever animals. Can you see Jacko, the brown and white monkey with the ball? He likes to run away and play with my hat. How many monkeys can you see? Look, there are nine monkeys jumping in the trees and three are sleeping on the grass. Who is afraid of snakes? Don't be afraid. Look at this beautiful snake.
